Pumps

DP3CL

3 Inch SEMI-TRASH Pump

SPECIFICATIONS

Pump:

Type 3-inch semi-trash Pump Construction Cast aluminum housing,

cast iron impeller &

volute

Seals Self lubricated mechanical

seals

Seal Faces Silicon carbide & ceramic Output 370GPM, 89ft. total head Size 3"x 3" (suction x discharge)

Lift Up to 20'

Engine:

Model ETQ 178FE

Type Vertical, 4-cycle, air-cooled

diesel engine

Displacement 16.66 cu. in.

Max Output 7.0 hp/3600rpm

Cont Output 6.3 hp/3600rpm

Start System Electric / Recoil starter

Combustion Direct injection
Fuel Oil Diesel fuel
Fuel Tank Cap 3.3gal/12.5liters
Lube Oil Cap. .29gal/1.1liters
Operation Cap approx. 9-11 hours

Package

Weight 100 lbs.

LxWxH 23"x 19.7"x 26.7"

FEATURES INCLUDE

Excellent fuel consumption: average operating time for single tank of fuel: 9-11 hours

Standard recoil start

Auto-return decompression for efficient starting at all temperature conditions

Solids handling capabilities up to 1 1/8" in diameter

Easy-cleanout, durable aluminum outer housings

Silicon carbide/ceramic seals with viton elastomeres(hard faces for extended life)
